

EPI has an immediate need for a **community planner** with specific experience in physical development planning and urban design to support the land use planning aspects of several Comprehensive Community Planning projects. The position will be a temporary contract with flexible hours, with the opportunity to become a permanent full-time position. Pay commensurate with experience.

EcoPlan International (EPI) is a multidisciplinary firm of planners, economists and decision analysts. We have global experience in strategic planning, decision support, local economic development, community planning, resource & environmental planning and tourism. Our innovative approach incorporates structured decision-making, participatory planning, facilitation and negotiation, and has been successfully applied in fields as diverse as biodiversity preservation, health administration, negotiation support and urban design, amongst others. Our clients are First Nations, NGOs, public corporations, and Local Governments.

EPI is looking for someone with the following skills/experience:

- >> Degree in Landscape Architecture, Architecture, Planning, or related discipline.
- >> Physical planning and/or design at various scales relevant to Community Development and Land Use.
- >> Understanding of land use decision-making process, land development procedures, and regulatory structures.
- >> Knowledge of public engagement techniques, process design, and facilitation.
- >> Exceptional communication and writing skills.
- >> Ability to work with a high degree of self-direction and autonomy in a cooperative, non-competitive work environment.
- >> Project experience with First Nations, NGOs, and Municipal or Local Government clients.

Please send a cover letter, resume, and work samples to David Hohenschau (dave@ecoplan.ca). The position will be filled as soon as a qualified candidate is identified.
